

vandal resistant shower heads

Introduction

The Intatec range of vandal resistant showerheads is designed for use with our range of thermostatic mixing valves. The robust construction makes it suitable for use in schools, hospitals, sports and leisure facilities and other areas where there is a risk of misuse.

Reflecting the quality of the Intatec range of total washroom solutions, the unique design of the vandal resistant showerhead allows for back and bottom/back fixing in one design and is a cost effective answer for communal facilities.

the vandal resistant heads are designed for use with inta thermostatic mixing valves
