## VESSEL JET CORDLESS INFLATOR

**REGK01**

**VESSEL  
JET**

Professional Cordless  
Pressure Vessel  
Inflator

The Regin Vessel Jet is a German designed professional hand held air compressor.

It is an ideal tool for:

- Filling Pressure Vessels on Pressurised and Unvented Cylinder Systems
- Topping up pressure in van tyres
- Inflation of bicycle tyres and sports equipment with the additional adaptors supplied.

The Regin Vessel Jet is easier to use than a hand or foot pump, especially in restricted areas. Portable, versatile and durable, The Vessel Jet is the perfect travel companion for your mobile inflation requirements.

### Vessel Jet supplied with:

- Extended pressure hose with thread connector for secure fitting to schrader valve
- Rechargeable Li-ion Battery Pack
- AC Charger for Li-ion Battery
- Travel carrying bag
- Adaptors for balls and inflatable toys included

### Optional extras available:

#### REGK02

Replacement / spare rechargeable battery for Vessel Jet

#### REGK03

12V cable adaptor (for continuous power), useful when topping up van tyres.

**Average 8 litre pressure  
vessel inflate time:  
1.5 bar in 1 minute  
from empty**

**Rechargeable  
Lithium-Ion  
Battery**

**Easy to read  
Illuminated  
Digital Display**

**Includes extended  
75cm pressure hose  
with threaded connector**
