

TECHNICAL DATA SHEET

Timed Flow Shower Panel With adjustable head

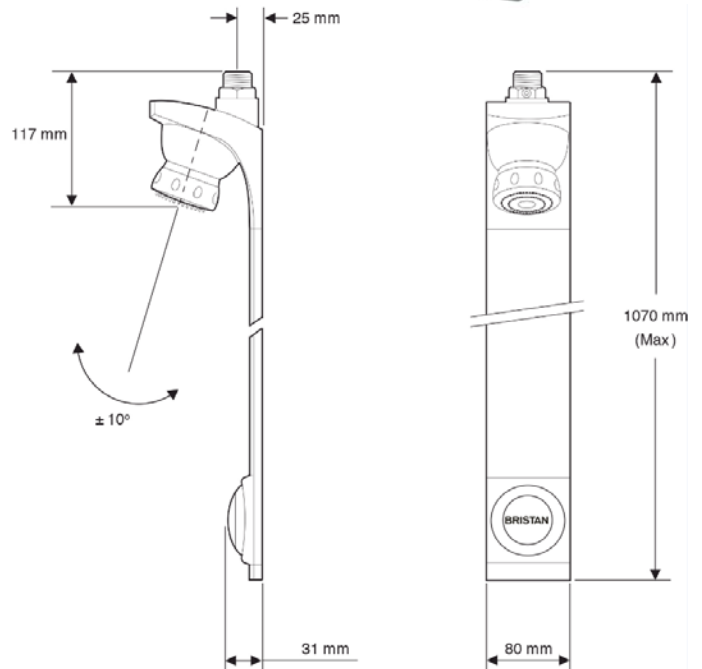

Product Specification

Product Code: TFP4001
Product Type: Commercial
Supply: Suitable for all plumbing systems
Inlet Connection: 3/4" BSP male telescopic connection
Working pressure: Min: 1.0 bar Max: 5.0 bar
Max static pressure: 10 bar

Additional Information

- Features a push button timed flow control.
- 360°C swivel showerhead.
- 3/4" telescopic inlet connection incorporates an isolation valve for ease of maintenance.

Technical Advice: For further information please call 0844 7016273 or email customer@bristan.com

Guarantee: 1 year covering manufacturing faults.
