

## COMMERCIAL INFRA-RED SOAP DISPENSER

### Product Specification

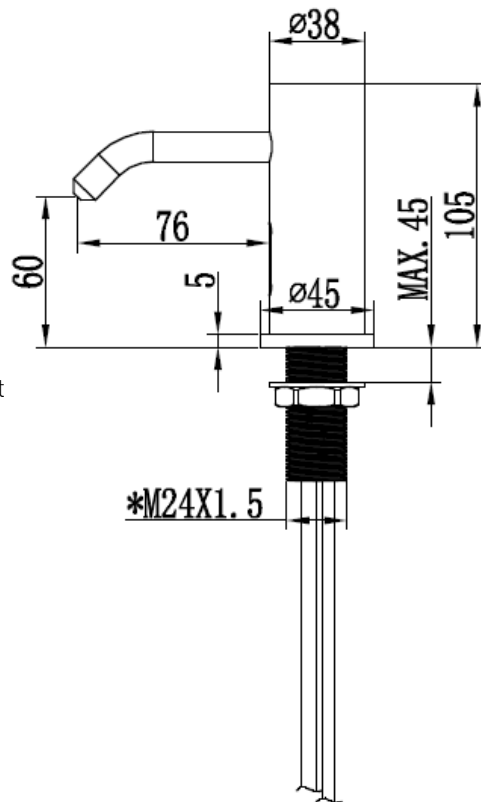

Product Codes & Finishes:	IRSD1-CP (Chrome) IRSD1-BN (Brushed Nickel) IRSD1-BZ (Antique Bronze)
Product Type:	Commercial
Construction:	Body is of brass construction
Power Supply:	AC: 230V, DC: 1.5V (4x AA Batteries – Not Supplied)
Inlet Connections:	3 Amp Fuse
Sensing Range:	0-8 cm
Activation Time:	0.5 – 1 second
Bottle Supply:	1.6 Litres
Viscosity of Liquid Soap:	100 – 3500cp (mpA · s)
Dimensions for Fitting:	105 (H) mm, 45 (W) mm, 115 (D) mm

Chrome Pictured

### Additional Information

- Chrome plated to BS EN 248
- Proximity sensor removes the need to touch the spout, reducing the spread of germs and the chance of cross infection
- Backup battery pack supplied. In the event of power failure, the product will automatically switch to battery operated mode to ensure the spout continues to function
- When the batteries run low, and the power falls below 3.9V, the sensor light will flicker to indicate batteries are low and need replacing.  
If batteries are exhausted, the sensor will not light up.

**Technical Advice:** For further information please call 0844 7016273 or email [customer@bristan.com](mailto:customer@bristan.com)

**Guarantee:** 1 year covering manufacturing faults.
