

WQ610RF

Wireless Slim Programmable Thermostat

The NEW Quantum WQ610RF thermostat is the latest innovative addition to the SALUS portfolio. This sleek and stylish thermostat is the slimmest on the market at only 10mm thick. It has a long battery life, thanks to its state of the art built in rechargeable lithium battery. All WQ610RF thermostats include a pre-paired receiver and are linked via Zigbee 2.4 GHz communication.

With innovation, science and quality in one, the new Quantum WQ610RF thermostat is feature packed to ensure that your clients have perfect control over their heating system.
